

Send an email to with the following information :

- In order to give you access to the HPC cluster, I need the public ssh key installed on your personal computer (don't send the private key).

Here are information to obtain it (in french): https://hpc.unistra.fr/ssh_key

- The theme of your research

- If you are PhD student or post-doctoral:

- The contact details of the supervising researcher (put it in copy)
- The end date of the employment contract

Can you also tell me what ressources you need:

- estimated compute time for one year (in core*hours)
- applications needed
- GPUs ?
- storage capacity ?
