

Lamour GPU node

The GPU server is installed at IGBMC for the moment

Specs :

- CPU : 2x Intel Xeon-G 6330
- RAM : 16x 32GB DDR4-2933/3200 RDIMM (512GB total)
- GPU : 4x Nvidia A10 (4x 24GB)
- HDD : 6x 1.92 To SSD SAS (1 disk for OS, 5 for scratch)
- 7 years support

It is part of the IGBMC HPC, so it's accessible through ssh (with MobaXterm for instance)

```
ssh -X login@hpc.igbmc.fr
```

and then

```
ssh -X login@phantom-node39
```

space2 and mendel can be accessed

```
/shared/space2/lamour-ruff/  
/shared/mendel/projects/  
/shared/mendel/teams/lamour-ruff/
```

The CryoSPARC instance can be accessed online at :
